S J Logistics (India) Limited

S J Logistics India Limited through its WOS - S J Logisol Shipping L.L.C. Dubai announces Maiden Voyage Charter (Suez Express Service) – A Milestone Step Towards Integrated Shipping Solutions

Mumbai, October 17th, 2025 - S J Logistics (India) Ltd, a leading Mumbai-based logistics and supply chain solutions provider, proudly announces successful signing of maiden Voyage Charter Fixture Note (Suez Express Service) for chartering a vessel in Joint Venture with M/s Nexus Line Freight Broker L.L.C. – Dubai through its Wholly Owned Subsidiary S J Logisol Shipping L.L.C. Dubai.

This landmark development represents a significant milestone in our company's growth journey, reinforcing our commitment to innovation, diversification, and long-term value creation within the global logistics and shipping industry.

Expanding Horizons – Our First Direct Vessel Charter

This Voyage Charter marks a defining achievement, representing our first direct vessel charter under the S J Logistics Umbrella. The vessel will operate on a route strategically designed to strengthen maritime connectivity and streamline trade between key global markets.

The **first voyage is scheduled to commence between 25th October 2025 and 30th October 2025**, covering the following rotation:

Service Rotation: JEBEL ALI – KANDLA – JEDDAH – ALEXANDRIA – JEBEL ALI

This service will bridge vital trade corridors between the **Gulf, India, Africa and the Red Sea region**, enabling faster, more reliable, and cost-effective containerized cargo movement.

Regional Connectivity & Reach

The Suez Express Service extends its reach beyond mainline ports through a robust transshipment and feeder network:

- **Via Jeddah (Red Sea & Horn of Africa Region):** Port Sudan (Sudan), Aden (Yemen), Djibouti (Djibouti), Berbera (Somaliland/Somalia) — forming part of the Horn of Africa corridor.
- **Via Alexandria (North Africa & Mediterranean Region):** Ambarli, Iskenderun, Mersin, Safiport Derince, Novorossiysk, Moscow, Beirut, Lattakia, Misurata, Benghazi — providing direct access to North Africa, the Eastern Mediterranean, and Southern Europe.

This expansive network ensures coverage from the Horn of Africa through North Africa and the Mediterranean, fostering seamless trade flows between Africa, Asia and the Red Sea region.

Service Area & Market Reach

The service will span major global trade regions including the Red Sea, Mediterranean, Russia, Turkey, Gulf, and Upper Gulf. This extensive coverage enhances our network connectivity and provides customers with a comprehensive service footprint linking key emerging and established markets.

In India, our initial operational focus will be on the North and West regions, leveraging our

S J Logistics (India) Limited

strong infrastructure, customer relationships, and existing cargo base in these markets. Over time, we will expand to the Eastern and Southern regions of India, supported by additional vessel capacity.

This phased expansion ensures operational efficiency while maintaining our hallmark of quality, reliability, and timely delivery.

Strategic Forward Integration

The launch of vessel chartering marks a significant forward integration for S J Logistics. Until now, our core business strengths have been in Freight Forwarding and NVOCC (Non-Vessel Operating Common Carrier) services. By entering into direct vessel operations, we are taking a decisive step toward becoming a fully integrated logistics and shipping solutions provider.

This integration will allow us to:

- ✓ Exercise greater control over vessel scheduling, routing, and cargo management.
- ✓ Offer flexible, customized logistics solutions to clients.
- ✓ Optimize operational efficiency and asset utilization.
- ✓ Strengthen competitive positioning in global trade lanes.

Through this expansion, we aim to build a seamless logistics ecosystem aligned with our customers' evolving needs while unlocking new opportunities for growth.

On this milestone, Mr. Rajen Shah, Promoter & Managing Director of S J Logistics (India) Ltd, commented, *"The Suez Express Service represents our next step toward a Unified Logistics Ecosystem bridging the Gulf, India, Africa and the Red Sea region enabling faster, more reliable, and cost-effective containerized cargo movement.*

By extending our network into the Horn of Africa and North African ports, we are enabling new trade routes that will play a vital role in regional growth and supply chain. This development is not merely a business expansion — it is an evolution of our vision to deliver excellence across every aspect of the supply chain.

By integrating vessel operations into our service portfolio, we gain the ability to offer greater control, reliability, and efficiency to our customers. The new charter will enhance our operational flexibility, improve transit times, and open new routes connecting vital trade regions across the Gulf, Red Sea, and Mediterranean.

For our stakeholders, this means sustainable value creation through diversified revenue streams and a strengthened market position. For our customers, it means a trusted logistics partner who can deliver consistent, end-to-end solutions under one roof."

Our Vision Ahead

"The launch of our maiden voyage charter marks an important step in our long-term journey to become a truly integrated global logistics and shipping company. This forward integration aligns with our strategic goal of expanding beyond NVOCC and freight forwarding into direct vessel operations, giving us the versatility to respond faster to market dynamics.

S J Logistics (India) Limited

As we set sail on this new chapter, we do so with gratitude to our partners, clients, and employees who have been the cornerstone of our success. Together, we will continue to navigate new horizons, connect continents, and deliver beyond boundaries.”

About S J Logistics (India) Limited

S J Logistics (India) Ltd (“SJL”) is a globally recognized logistics service provider with over two decades of industry experience. Specializing in freight forwarding, transportation, warehousing, Non-Vessel Operating Common Carrier (NVOCC) services, and customs clearance, SJL operates on an asset-light model. This enables the company to collaborate with a vast network of partners, ensuring reliable, efficient, and timely freight solutions across the globe.

Safe Harbour Statement

Any forward-looking statements about expected future events, financial and operating results of the Company are based on certain assumptions which the Company does not guarantee the fulfilment of. These statements are subject to risks and uncertainties. Actual results might differ substantially or materially from those expressed or implied. Important developments that could affect the Company’s operations include a downtrend in the industry, global or domestic or both, significant changes in political and economic environment in India or key markets abroad, tax laws, litigation, labour relations, exchange rate fluctuations, technological changes, investment and business income, cash flow projections, interest, and other costs. The Company does not undertake any obligation to update forward-looking statements to reflect events or circumstances after the date thereof.
